framework for the conduct of almost every social, political, and economic activity. The punishment of crime, compensation of the injured, and the enforcement of contracts are merely some of the tasks of a modern legal system. It also strives to achieve justice, promote freedom, and protect our security. The result is a system that, while it touches all of our daily lives, is properly understood by only a few, with its impenetrable jargon, obsolete procedures, and interminable stream of Byzantine statutes and judgments of the courts. This clear, jargon-free Very

Added Tax Really Basic Introductions
Short Introduction aims to redress that balance, as it introduces the essentials of law and legal systems in a lively, accessible, and stimulating manner.

Explaining the main concepts, terms, and processes of the legal system, it focuses on the Western tradition (the common law and the civil law), but also includes discussions of other legal systems, such as customary law and Islamic law. And it looks to the future too, as globalization and rapid advances in technology place increasing strain on our current legal system. ABOUT THE SERIES: The Very Short

Jedi Manual Really Basic introduces the requirements for becoming a Jedi Knight. The book also covers Jedi philosophy, religious aspects, and hands on techniques that Jedi Knights can use.

This book is a brief introduction to the theory of RenE Girard, written in a humorous, accessible style, and accompanied by cartoon illustrations by the author. RenE Girard (1923-2015) was a French historian, literary critic, and philosopher of social science, whose work belongs to the tradition of anthropological philosophy. His theories and work have

Read PDF A Really Basic Introduction To Value

influenced the fields of literary criticism, critical theory, anthropology, theology, psychology, mythology, sociology, economics, cultural studies, and philosophy. Girard's fundamental ideas were that desire is imitative in origin ('mimetic'); that mimetic desire causes rivalry and violence, leading to scapegoating; that the scapegoat mechanism is the origin of sacrifice and ritual, and thus the foundation of human culture; that religion developed from ritual; and that the Judeo-Christian Bible denounces the scapegoat mechanism. If you'd like to understand the

Read PDF A Really Basic Introduction To Value

basics of the theory of René Girard without delving into a serious academic text, then this book was written for you. It also has knights in armour, Batman, Greek tragedy, and hats.
